Scope and Contents

The College Recognition and Awards record group houses the documentation around the awards given and received by Bunker Hill Community College. The materials date from 1979 to 2004, and there are five series. Four of these series focus on specific awards, while the final series is a grouping of miscellaneous awards. Most of the collection centers on the national awards given to BHCC, which range in focus from the college's marketing, emphasis on diversity, and faculty development. On a more local level, one series includes documents from a state historic preservation award presented to the college, while another includes multiple Boston-based awards.

A majority of the record group is composed of paper materials like letters, press releases, memoranda, newspaper clippings, and booklets, but there are also photographs.

Arrangement

This collection is arranged into five series, and each series is arranged chronologically.
